This is National Volunteer Week and here in Hillsboro, we're celebrating the important role that volunteers play in making the City such a great place to live. Each year, more than 5,000 community members collectively contribute more than 50,000 hours of volunteer time. Volunteers hail from many different countries and speak various languages. These volunteers help the City beautify parks, reshelve books at the library, and much more. [Click here to learn how to get involved](#).
